Generational Theory in the Church

Being and Becoming a Multigenerational Church

Unpacking Generational Theory with Rev. Dr. Karl Travis

The blessing and the curse of healthy congregations is that we have four to five living generations, each with a unique commitment to being a Beloved Community that focuses more on what unites us than what divides us.

The Rev. Dr. Karl Travis wowed participants at the 2016 Presbyterian Leadership Enrichment Event with his insight for more time and greater detail spent on this important topic. Karl returned to us with an extended format, designed approaches can best be addressed in a way that honors all and does not set up unintended barriers to participation. This was sponsored by The Congregational Resourcing Team of the Presbytery of New Covenant, and made possible thanks to the generosity of our members.

See what Karl had to present about these topics:
