

Motion: Webster Presbyterian Church will be the sending or commissioning church for Anya Ezhevskaya in her mission work with Wycliffe Bible Translators at the Dallas International University where she will be a full-time assistant professor on the tenured track. The process includes a commissioning service (similar to when we commission people going on short mission trips to Peru or Belize). The sending church also agrees to pray for Anya's ministry while she is with Wycliffe as a ministry of Webster Presbyterian Church. Webster Presbyterian will be the sending church for the duration of Anya's ministry with Wycliffe. Webster Presbyterian will provide funding for Anya's first year in the amount of \$9,000 with future financial commitments to be addressed each year.

Rationale: Since Anya has worshiped and served at WPC for over ten years, we want to be as supportive as possible in her Mission work with Wycliffe.

Financial Impact: Webster Presbyterian will set up a perpetual Designated fund account into which members may contribute throughout the year. Webster Presbyterian will commit a minimum of \$9,000 for calendar year 2025 to support Anya's ministry. All money collected will be sent to Wycliffe to be used for Anya's account. Session will review this ministry each year and a new motion will need to be considered for each new year.
