[Accept](#)

Total Gains, Total Losses, and Total Adherents will automatically calculate after you hit the 'Accept' button. For the page to save, Total Ending Active Membership will need to balance. It will compare the total of the Beginning Active Membership plus the four (4) categories of gains, then subtract the three (3) categories of loss. If this number does not equal the value you have entered in the Total Ending Active Membership field, the program will tell you that you are out of balance. This figure must balance for the page to save.
