

Report to the Session – May 27, 2025
Rev. G. Todd Williams, Interim Senior Pastor

To the Session of Webster Presbyterian Church,

It's hard to know where to start when there are so many things going on, but we shall begin with the Baptism of Maia Brown that took place the week after Easter. We also welcomed new members Mayra Schroder and Kathy Hoffman over the past month.

I would like to say that all news was good, but word came this week that the fourteen-year-old granddaughter of Jimmy Martin and Carrie McCray, Heidi, died. No service has been scheduled as of this time.

While neither deaths were members of WPC, I did officiate at the funerals of Sandra Andoe and Larry Collins (both former members of churches I pastored.) I also officiated at the wedding of Sammie and Stephanie Maequis, who live in Pasadena.

Property continues to make amazing changes. A special note of thanks for the work done in the Garden Courtyard, and the generosity of a member who hired the team that worked all day to trim and shape the trees. What an amazing difference! Additionally, all the ceilings are now closed in throughout the education building. The awning over the education wing has also been completed, where the wood had rotted.

Recently Ed Boyer collected his fourth swarm of bees from the bee box located in our courtyard. The bees are then taken to a new location.

The Men's group provided an amazing brunch for both Easter and Mother's Day, while the Deacons did an amazing job preparing and helping to serve communion during our Easter Worship.

Glenn and Geri Foster celebrated the scholars with a beautiful piece that they performed during worship. They will be taking some time off for summer vacations but are looking forward to things getting started again in the early fall.

While I am supposed to be on vacation with my family on the Gulf right now, shingles has kept me at home. I hope that by tomorrow the meds I have been taking will dry things up enough for me to join them. Many thanks for Mary Lawrence for providing pulpit supply this past Sunday, and for everyone who continues to provide support for our worship services, including all the tech folks who have now made live streaming something that is being done each Sunday.

Prayers continue for the work we are doing, including the upcoming Lunar services in July. Many thanks for all the support,

Stay in God's grip!
Todd
