

February Session Meeting Update

Financial Audit or Review

As this is an annual requirement for an audit, I propose that we hire a Certified Public Accountant (CPA) this month before the next Session meeting on June 23, 2026.

Proposed motion:

Doug Byerly requests that the Finance Committee engage the Webster Presbyterian Trustees in pursuit of a financial audit as per the Finance Committee Policy document.

Rationale:

It has been a while since the last audit.

Impact on Budget: TBD. If the Trustees elect an external audit there will be a cost involved. The Finance Committee would report back to Session on that cost estimate should that become necessary.
